

Singularity Commercial

One Solution for Unified, Foundational Security

As organizations undergo rapid digital transformation, the way they conduct business is evolving. In this dynamic landscape, cybersecurity teams face the challenge of aligning with the business roadmap while navigating intricate security systems, overcoming talent shortages, and managing budget constraints.

SentinelOne Singularity Commercial empowers cybersecurity teams to effectively address these challenges. Powered by AI, this solution can help you build a solid foundation for your security infrastructure, ensuring that you have the necessary tools to stay secure and navigate the evolving threat landscape effectively. Let us help your cybersecurity journey with confidence and peace of mind, at a price that fits your budget.

Extended Detection and Response (XDR)	The Singularity Platform	Centralized platform that augments and extends protection, detection, response, and remediation through seamless integrations across attack surfaces.
Endpoint Prevention, Detection, Response, and Remediation (EPP, EDR)	Singularity Complete	Best-in-class prevention, detection, response, and remediation capabilities to simplify endpoint security.
Data Retention	90-Day Data Retention	Data retention enhances incident response, threat hunting, and forensics analysis. It ensures compliance, tackles evolving threats, reduces false positives, and aids in swift post-breach recovery
Identity Threat Detection and Response (ITDR)	Identity Threat Protection	Identity threat detection and response capabilities, makes it easier to prevent advanced identity-born attacks and protect high-value enterprise assets.
Managed Threat Hunting	WatchTower	Threat Hunting service targets active global APT campaigns, novel attacker techniques, and emerging trends in cybercrime.

Key Benefits

Safeguard your business

Protect your identities, endpoints, and the cloud with AI-powered security automation and 24/7 global threat protection.

Reduce Risk

Mitigate vulnerabilities, enhance your cybersecurity posture, and minimize the risk of financial, reputational, and operational disruption.

Maximize Value

Optimize security and reduce costs with a single, predictable solution that maintains excellence without sacrificing affordability.

SentinelOne Singularity Commercial

Singularity Commercial, your foundational cybersecurity solution for robust protection in today's digital landscape. With essential security capabilities, including extended detection and response (XDR), endpoint security (EPP+EDR), identity threat detection (ITDR), and threat-hunting services, our unified portfolio empowers you to streamline your cybersecurity efforts. Build a solid security infrastructure today and embark on a resilient journey towards digital transformation.

SentinelOne stands as your strategic partner in safeguarding your business, reducing risk, and maximizing value. Choose Singularity Commercial for confidence and peace of mind.
